

BC GREEN GAMES PROJECT SUBMISSION CHECKLIST

1) Registration

- Students should create teams (can be as small as 2 people or as large as an entire school!) and come up with a team name and project idea
- Get approval from your Principal to carry out a BC Green Games project (any prize money won will go directly to their school)
- Register your team**
 - **Register** as a Team Leader (teacher sponsor or secondary student). Team Leaders are responsible for registration and submission of their team's final project.
 - Make sure to write down your user name and password
 - Add your team's name to your profile page

Project Documentation

- Begin the project!
 - Check our **mentor links** for a list of environmental education organizations that can support you and your students/peers
 - Create an **action plan** for the project
 - Get inspired by last year's **winning projects**
- Encourage students to document their projects using digital cameras or video cameras
 - Final submission may include 5 photos, a 3 min. video or a PowerPoint
- Track participating students with a **BC GG student release form** (teacher sponsors must collect and keep these)
- Have students write a description of their project
 - How they came up with it
 - Why they chose that project
 - What they did and what happened next

2) Project Submission - February 1- March 1, 2012

- Log in** to BC Green Games to submit your team's project
- Edit and save team details and project description
- Add project tags (what your project is about) and list the mentors who helped you
- Upload team's photos, video or PowerPoint
- Check out your team profile page

3) Judging and Voting - March 1-31, 2012

- Encourage students to register and vote for their favourite five BC Green Games projects
- View projects in the Gallery and choose YOUR favourite five
- Our team of environmental experts will choose our top 20 winning projects

4) See the Winners - Earth Day 2012
